## FEATURED TEACHER NOVEMBER

This month we would like to feature Teacher Kirstyn from Cape Town, South Africa. She has Bachelors Degree in Economics. She enjoys keeping active and have found some lovely running and hiking trails around Phuket, which she now calls home.

*"I am extremely grateful for the opportunity these young learners at Buds have provided me with, one that has allowed me to grow and develop myself and my teaching skills." T. Kirstyn*

## HALLOWEEN PARTY 2019

*by Teacher Persey*

Halloween excites all children with buckets full of candies and chocolates, cute and scary costumes and spooky activities in school or at home. Even if you don't celebrate it, the spirit of Halloween is all around us. Last October 31, Buds held a simple program to celebrate Halloween. Students, parents and teachers came in dressed up in their favorite costumes. In the morning, students enjoyed fun games with their classmates and parents. But the highlight of the day was certainly the amazing spooky room our creative teachers and staff at Buds had set up.

In the afternoon, K3 and primary students had the chance to go trick-or-treating at Baan Nabon School where they also shared some notebooks to the Thai students. Buds really went above and beyond to provide students with a special Halloween experience.

Little Parrot is Phuket's first soccer specific physical play program for preschool children. Playable on almost any surface, these soccer-themed motor skill classes are very easy for youngsters to get into. Inquire in the office for more information.

## FIRST AID TRAINING AND ORIENTATION (NOVEMBER 5, 2019)

Ensuring that our children are safe at school is one of the top priorities of Buds International School Phuket administration. Many accidents occur in school and other health problems that require initial medical response. This first aid training promotes a safer and healthier environment by empowering everyone with the skills needed to safely respond to an emergency situation or accident.

Thanks to Nawaminthrachin Health Center for the training and orientation.

## RESPONSIBILITY AND ENGAGEMENT THROUGH COMMUNITY AWARENESS

by Teacher Persey

*Buds International School Phuket believes that a responsible and wise person reasons on the basis of secure emotional state and that wise people need to be creative but knowledgeable. For the month of November, the school has developed programs to raise school awareness and disaster preparedness for the entire community.*

## FIRE AWARENESS DAY (NOVEMBER 6, 2019)

Schools are at significant risk and often filled with numerous fire hazards especially with a number of students. It is very important to be informed in the event of a fire. We asked the help of our community helpers from the Chalong Fire Department to do an orientation. We are so grateful for all your help! Thank you Chalong Fire Department!
